

ECLECTIC EAGLES BOOK CLUB Come Join Our Club!

The English Language Arts Department at Lake Forest Elementary Charter School is excited about our second year of implementation of the Eclectic Eagles Book Club. The design of this club is to accommodate students in grades 3 through 8 who are self-motivated and enthusiastic about reading. The third through fifth graders will meet with an elementary school sponsor. Our middle school students in grades sixth through eighth are divided into a boys club (with a male sponsor) and a girls club (with a female sponsor) which offers a great opportunity for coaching and mentoring.

This after-school program will not only provide tools to enhance the student's literacy, but help them along the path to becoming a life-long reader and lover of books.

***Light refreshments served*
